Make Your Own Alphabet Notebook...

Welcome to YOUR very own Alphabet Notebook. This packet is set up so YOU can make your very own notebook.

Pages include an introductory page for each letter of the alphabet. Either add pictures, your drawings, or words that contain that letter in the space provided.

Pages are also provided with lines for you to practice writing each letter OR you can add a listing of words that contain examples of the letters in the words. (example: for T-Todd; t-toad)

Do note: There is no right way or wrong way to use this book! Well, the only wrong way is to NOT use it. And the right way is to have a blast using it!

Make this book YOUR OWN. Have fun making each and every page. And, most importantly, share your book with all of your family and friends.

Have fun!
Cindy

What You Need To Begin...

All you need to make your own are using these reproducibles is a **3-ring binder, plastic sheet protectors, and copies of the pages in the formats you prefer.**

Begin With ONE Notebook Per Student...

Yep! It is this easy! Begin with just ONE notebook per student. You are welcome to reproduce these originals **FOR YOUR OWN FAMILY**. Please honor our work by not sharing with a friend without our permission. (This book is copyrighted.)

Our favorite notebooks are the **3-ring vinyl notebooks** that have the clear pockets on the outside so you can design your own covers. We usually choose the white notebooks (Either 2 or 3 inches thick notebooks.) and fill it full of plastic sheet protectors. We copy enough pages for the whole course. Then, all we have to do to use our notebook is label the dates on our sheets, add pictures (We use a digital camera so we can print out pictures on our computer printer. This has been SO much fun and we feel as though we have the liberty to really cut up pictures for our notebooks), and slip the pages in a plastic sheet protector. We add our work to our notebook each day.

Simply order your pages to fit your needs. We suggest that all pages be slid into plastic sheet protectors and kept in 3-ring binders in order to remain nice and neat. We especially recommend sheet protectors for this notebook since it will be exposed to more elements that could damage the pages. Even the sheet protectors cannot guard against spills, so be very, very careful with your notebooks.

Quick Tips for Making and Using Your Notebook...

1. **Use large 3-ring binders.** They are expandable...and believe it or not, you will **NEED** to expand in no time at all!
2. **Work as a family!** Let everyone in your family make one too! You will **LOVE** it!

3. Have a special spot to keep your binders. If you want for it to be easy to use your notebooks, be sure that you have easy access to the notebooks and supplies. Plus, IF there is a spot to keep the notebooks, it will be easier to keep the notebook nice and neat. Ohhhh, and if there is a special spot for the notebooks, you can rest assured that your hard work will be safe from younger siblings and pets.

4. Have fun!

On this page include your name above and pictures about you and the things you love below!
