

J

J is for jellyfish.

Jellyfish live in the sea.

Sometimes they sting,

but they don't sting me.

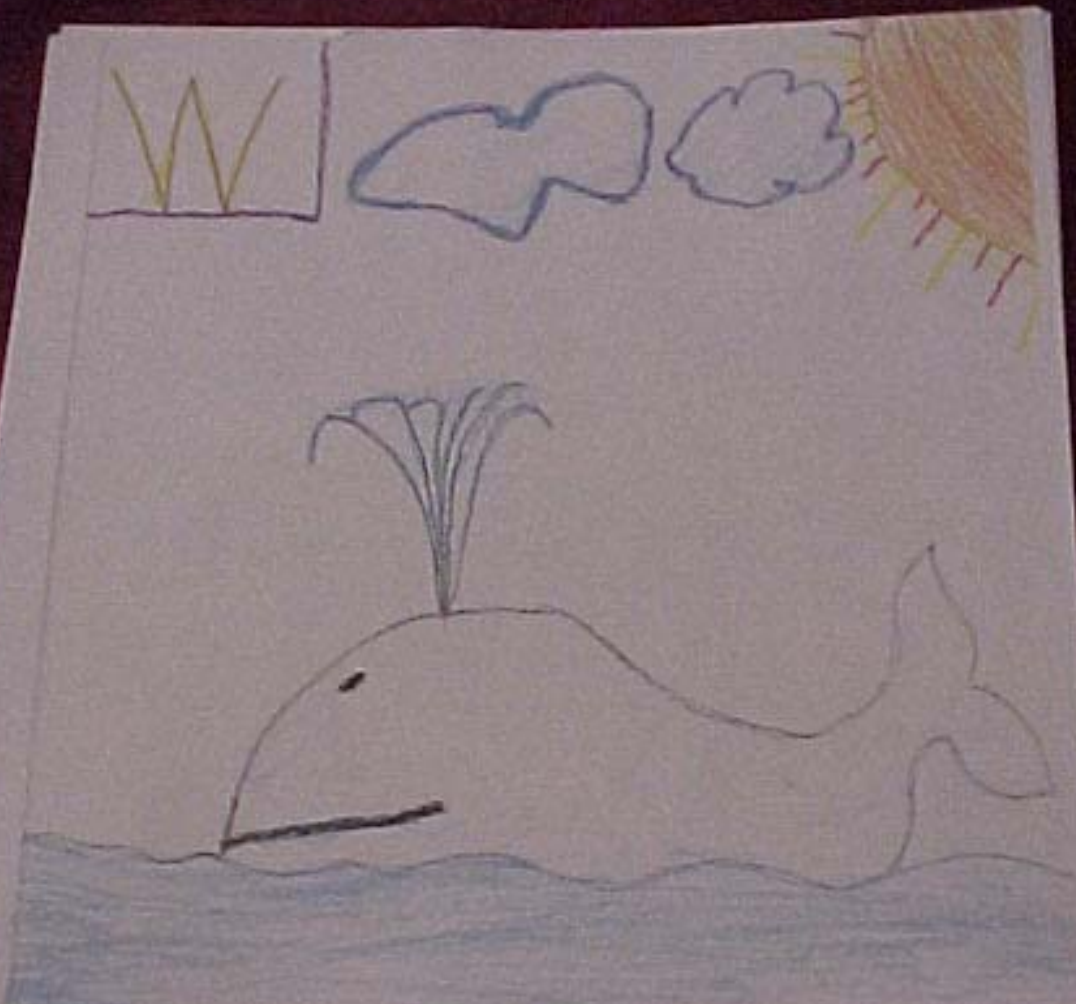

M is for monkey.
Monkeys eat bananas.
They swing on branches
And live in trees.

R

R is for rabbit.
Rabbits hippity-hop.
They like to eat plants
And their favorite is carrots.

W is for whale.
Whales are the biggest animals on land
or sea. They are much bigger than you are.
They have a blowhole on top of their
heads and they are mammals.

X is in the word ox.
Oxen are very strong animals.
They eat hay but not stem. They mostly eat
grass. Oxen can be very useful.

Z is for zebra.
Zebras live in the grasslands of
Africa. They are wild animals
and cannot be tamed.

APPLE Blossoms

Tommy Rabbits

I was eating a green APPLE. ↓
and that is the sticker.

Never Again 200

I did this dandelion with a
real dandelion for color on the petals and some
different grass for the stem.

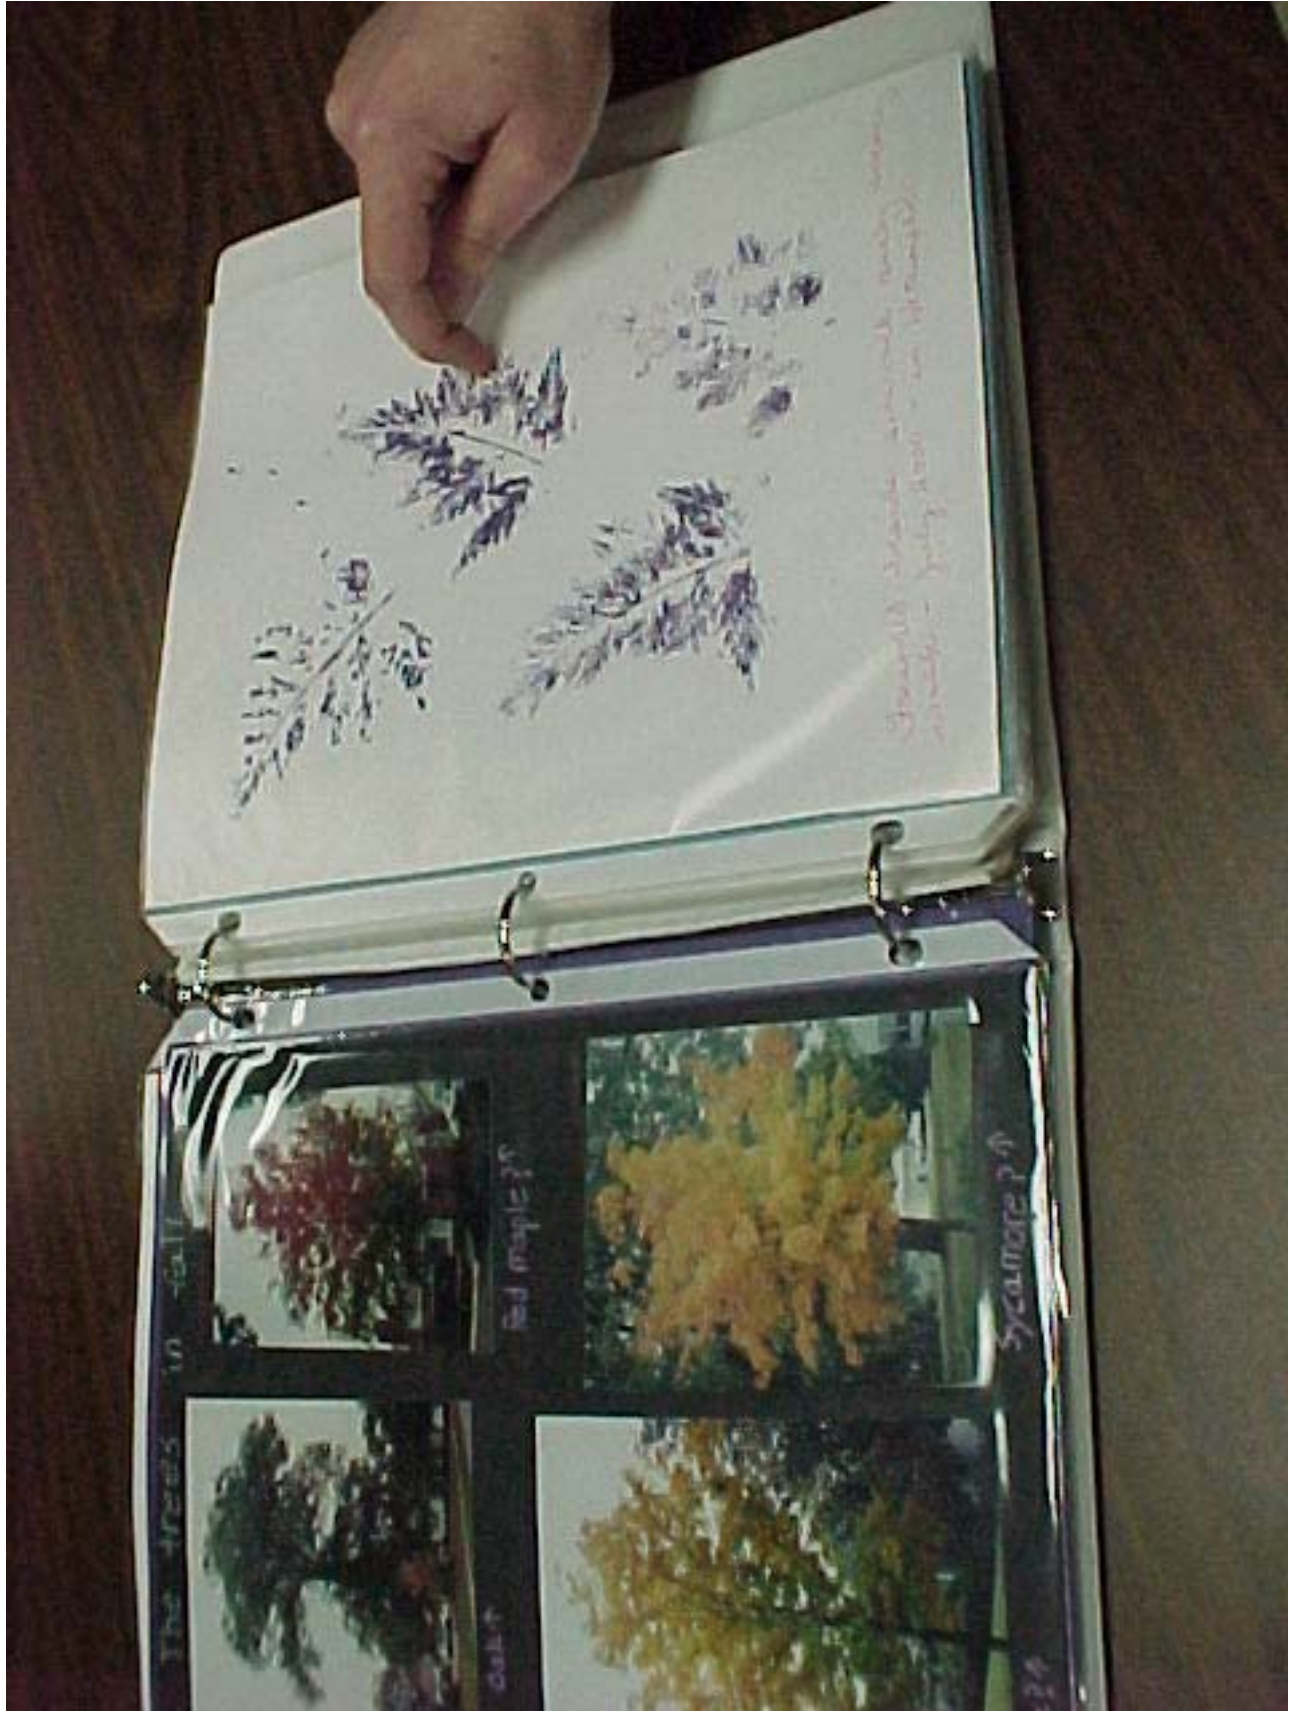

what looks like this ↓

Food Factories

Name _____

Green's workers are the chloroplasts. They make food for the tree. Leaves need sunlight, air, and water to make food.

Leaves change in the fall. They lose their green color. That's why we get maple leaves for the fall.

Order a leaf.

This leaf can make food.

Color it green.

Write the correct word.

Show another way.

The leaf cannot make food.

Color it with pretty hot colors.

green paths

Food it made by _____ leaves.

photosynthesis

Leaves need _____ to make food.

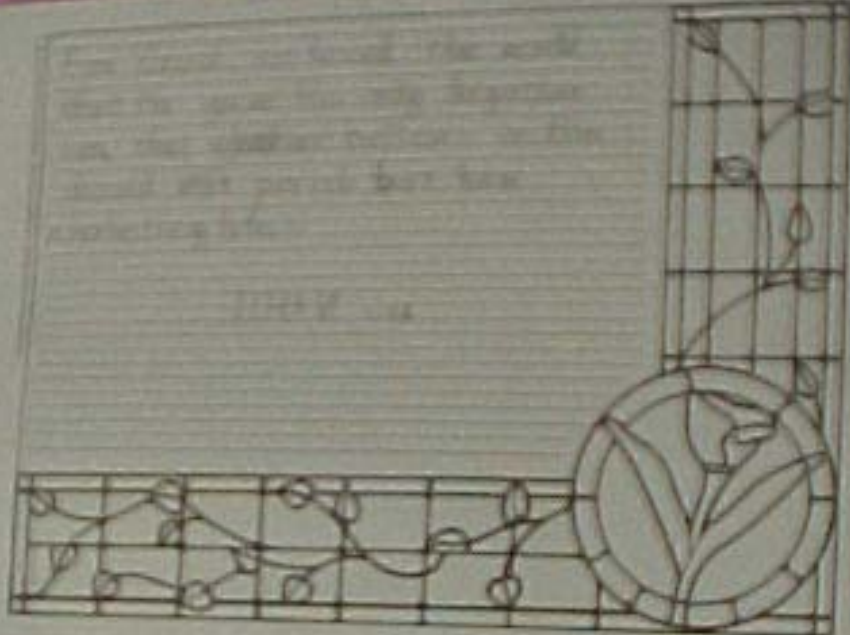

air/water

Leaves _____ make food in the fall.

lose color
