## Setting Up Your Daily Schedule

Going back over all of the previous pages, Think through your day. Set up first a list of all the things that you would like to accomplish each day. For example, we wanted for our children to be sure that seven things are done each day: Quiet Times, Chores, Table Time (for learning SKILLS to learn); Family Time; Productive Free Time; Business/Ministry; Family Read Alouds/Bible Reading. What do you want to see done each day?

How can you best order your day to accomplish the most important aspects every day? (Keep in mind times of the day that are least rushed? Things that frustrate the plans for the day? Times that naturally allow for those activities?)
