and YOU!

Make Your OWN Recipe Notebook...

Welcome! We are pleased to provide for you ready-to-use pages for your Homemaking/Cooking Course Notebooks. Just as many of you, we are currently studying *Baking with Whole Grains*. We have adapted this program to fit our own family. One of the adaptations that has made a world of difference is that we are creating our notebooks so that we not only include recipes from the cooking course, but we also collect and include other favorites from our family. As we have developed this idea, the outcry has been tremendous for a packet, complete and ready-to-use for busy homeschooling families. I believe that you will find this resource to make homeschooling much, much EASIER!

Keep in mind that this set is different from many of the other *Make Your Own Series* sets. This set includes pages that you may reproduce and adapt to fit your own needs. Most of our sets include ready-to-use pages. This set includes only the masters, requiring that you make copies in order to create your own Recipe Notebook. We chose this format because we know that this you will want to make your recipe notebook completely individual from your page colors to pictures of YOU and your meals to stickers to a wide variety of recipe clips. You probably have many ideas of what you want already, but just in case we included some examples of our Recipe Notebooks just in case you have no idea where to begin!

The following are some quick tips to get your notebooks ready to go. We pray that you find this easy and fun!

The Rushtons

What You Need To Begin...

All you need to make your own are using these reproducibles is a **3-ring binder**, **plastic sheet protectors**, and **copies of the pages in the formats you prefer**.

Begin With ONE Notebook Per Student...

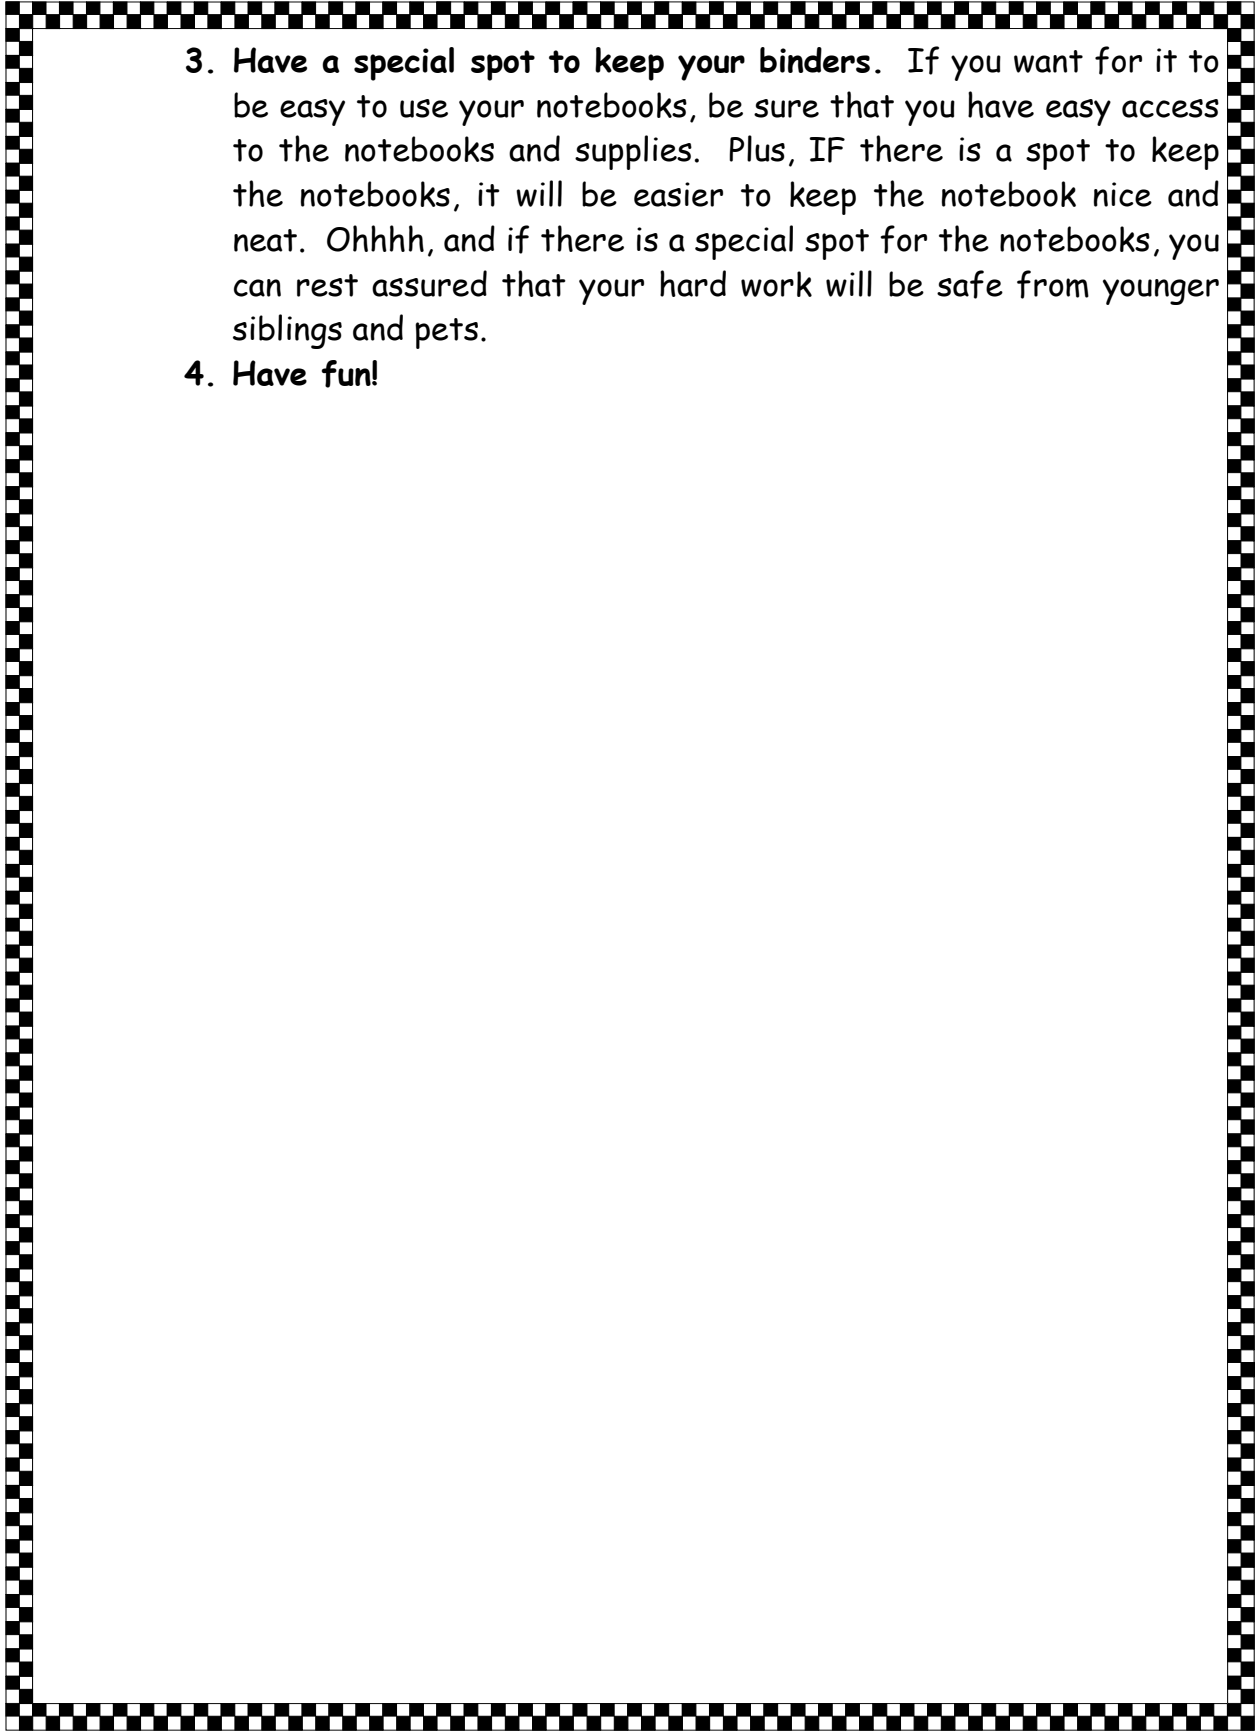

Yep! It is this easy! Begin with just ONE notebook per student. You are welcome to reproduce these originals **FOR YOUR OWN FAMILY**. Please honor our work by not sharing with a friend without our permission. (this book is copyrighted.)

Our favorite notebooks are the **3-ring vinyl notebooks** that have the clear pockets on the outside so you can design your own covers. We usually choose the white notebooks (Either 2 or 3 inches thick notebooks.) and fill it full of plastic sheet protectors. We copy enough pages for the whole course. Then, all we have to do to use our notebook is label the dates on our sheets, add pictures (We use a digital camera so we can print out pictures on our computer printer. This has been SO much fun and we feel as though we have the liberty to really cut up pictures for our notebooks), and slip the pages in a plastic sheet protector. We add our work to our notebook each day.

Simply order your pages to fit your needs. We suggest that all pages be slid into plastic sheet protectors and kept in 3-ring binders in order to remain nice and neat. We especially recommend sheet protectors for this notebook since it will be exposed to more elements that could damage the pages. Even the sheet protectors cannot guard against spills, so be very, very careful with your notebooks.

Quick Tips for Making and Using Your Notebook...

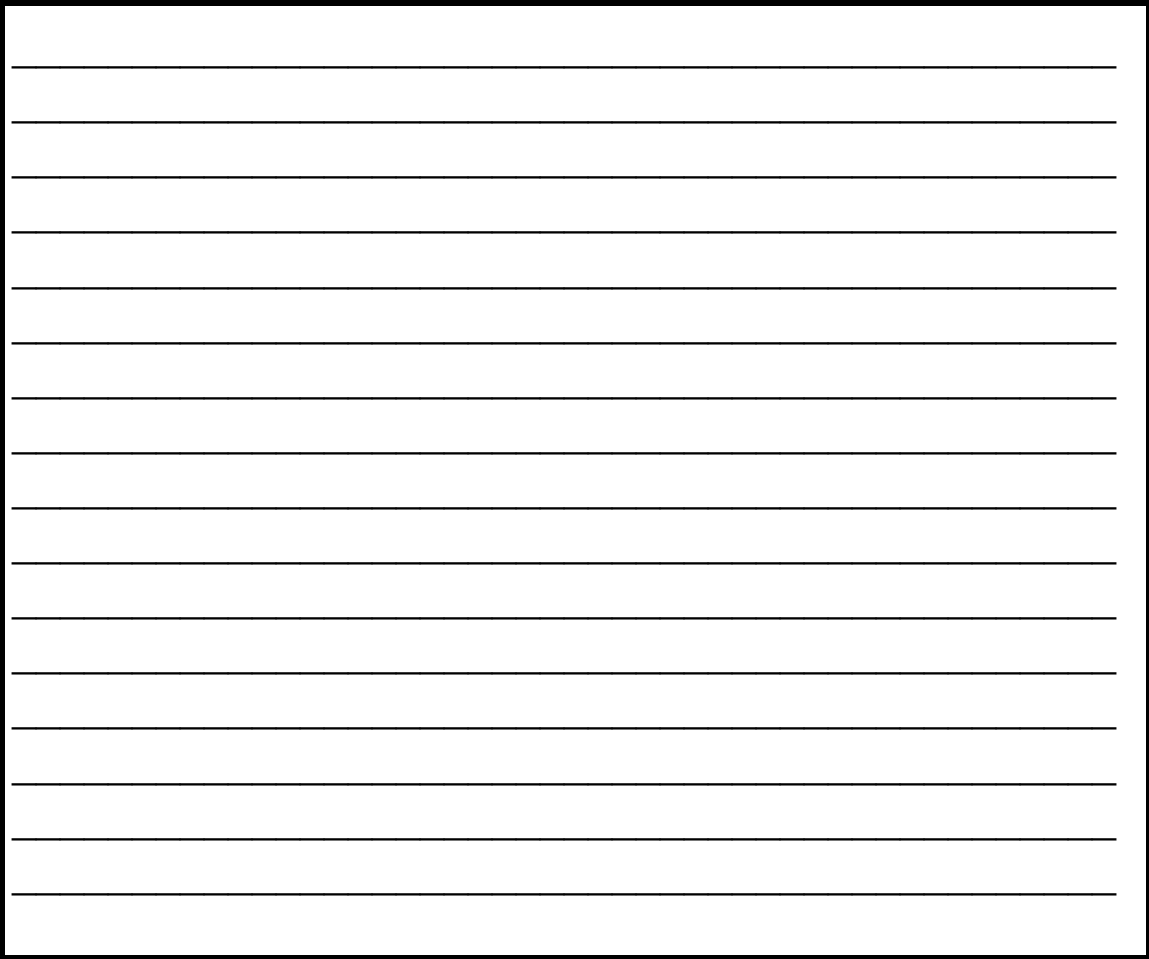

1. **Use large 3-ring binders.** They are expandable...and believe it or not, you will **NEED** to expand in no time at all!
2. **Work as a family!** Let everyone in your family make one too! You will **LOVE** it!

3. Have a special spot to keep your binders. If you want for it to be easy to use your notebooks, be sure that you have easy access to the notebooks and supplies. Plus, IF there is a spot to keep the notebooks, it will be easier to keep the notebook nice and neat. Ohhhh, and if there is a special spot for the notebooks, you can rest assured that your hard work will be safe from younger siblings and pets.

4. Have fun!

Reproduce this page if you need lines to write your recipe or journal about your meal. Cut out the lines, paste on recipe page. If these lines are too small see the next page.

A large rectangular box with a thick black border, containing 20 horizontal lines for writing. The lines are evenly spaced and extend across the width of the box, leaving a small margin at the top and bottom.

Reproduce this page if you need lines to write your recipe or journal about your meal. Cut out the lines, paste on recipe page. If these lines are too big see the last page.

The image shows a large rectangular box with a thick black border. Inside the box, there are ten sets of horizontal lines, each set consisting of three lines: a solid top line, a dashed middle line, and a solid bottom line. These lines are intended for writing a recipe or journaling about a meal.

My Recipe...

Picture of Your Dish...

Glue a copy of your recipe here to cover these words. You may want to use lines on previous pages.

Copy this page on bright colored pages of paper for extra color!

Add cute stickers!

Don't forget to slip this page in your page protectors so it will last forever!
